

OLAMIJU BARNABAS ATOLAGBE

PROJECT MANAGER - Agile Delivery, Cost Control & Risk Management

✉ barnabasolamijutolu@gmail.com ☎ +1 (437) 992-0974 📍 Toronto, Canada **in** [LinkedIn](#)

SKILLS

- **Project Methodologies:** Agile Scrum, Waterfall, hybrid delivery, SDLC, product lifecycle, sprint planning
- **Project Tools:** Jira, Confluence, Microsoft Project, SharePoint, SAP, Ariba platforms configuration setup tasks
- **Data Analytics:** Power BI, Tableau, advanced Excel, pivot tables, Power Query, dashboard reporting tools
- **Project Controls:** cost tracking, forecasting, budget management, schedule baselines, variance analysis
- **Risk Compliance:** risk registers, issue logs, regulatory compliance, QA audits, contract administration cycles
- **Requirements Procurement:** requirements gathering, RFX processes, vendor evaluation, documentation

WORK EXPERIENCE

Product Manager

Softlab Digital

June 2025 – Present

Ontario

- Directed 5 digital platform launches by governing roadmaps from concept to MVP and iterative releases, compressing deployment cycles by 25% through structured lifecycle controls.
- Engineered prioritized backlogs covering 120+ requirements, mapping acceptance criteria and delivery plans that elevated release predictability by 20% across staged deployments.
- Executed Agile ceremonies for multi-functional squads, raising sprint throughput by 30% while stabilizing scope variance under 5% through KPI dashboards tracking risk exposure and release health.

Project Management Coordinator

Aecon Group Inc

2025

Ontario

- Administered cost controls across 3 infrastructure programs, sustaining forecast dethroughtion through earned value tracking, structured baselines, and variance reporting protocols.
- Constructed 12 executive dashboards integrating schedule and budget indices, enabling variance detection 2 weeks earlier and reinforcing milestone adherence above 96%.
- Optimized RFX workflows spanning 25 vendors, shortening procurement cycle time by 18% while reinforcing audit traceability through standardized governance artifacts.

Project Coordinator

Liberty Healthcare Services

October 2024 – March 2025

Ontario

- Reconfigured scheduling architecture across 10 service lines, cutting appointment conflicts by 40% and increasing utilization rates by 22% through dependency mapping.
- Consolidated weekly performance reports analyzing 50+ KPIs, strengthening stakeholder review cadence and elevating engagement metrics by 15% across governance cycles.
- Accelerated pipeline tracking for 35 opportunities, improving documentation accuracy by 28% and shortening decision intervals by 10 days through centralized records.

Project & Compliance Officer

First Registrars and Services

January 2017 – September 2024

Nigeria

- Revamped 20+ workflows and SOPs, elevating operational productivity by 30% while enforcing standardized control matrices across multi-department execution streams.
- Governed compliance audits across different regulatory frameworks, sustaining 100% adherence and reducing non-conformance incidents by 35% using structured review checkpoints.
- Monitored 45 concurrent milestones with risk registers and document controls, improving on-time delivery rate to 97% through baseline tracking protocols.

EDUCATION

MSc – Project Management (Construction)

Northeastern University, Ontario

2024 – 2025

BSc – Business Administration

University of Ado-Ekiti, Nigeria

CERTIFICATIONS

- **Project Management Professional (PMP)** – PMI
- **Risk Management Professional (RMP)** – In Progress
